Coalition to Prevent Teen Dating Violence  
Commitment of Participation  
September 2009-September 2010

The purpose of the Coalition to Prevent Teen Dating Violence (CPTDV) is to fully participate in a community assessment of the prevalence of teen dating violence in Metro Louisville and to research, identify and pilot effective dating violence prevention strategies. The Coalition will actively help to coordinate efforts throughout the Metro Louisville Area to facilitate the shift of social norms that are supportive of teen dating and sexual violence including implementation of the Green Dot Initiative in six host sites. By focusing on community and societal change, the CPTDV strives to radically reduce violence in our community.

As a full and active member of the team, I agree to meet the following expectations as my commitment of participation:

1. Attend and actively participate in Coalition meetings throughout the year.
2. As necessary, participate in scheduled conference calls and on working groups or steering committees.
3. Notify CPTDV facilitator in advance if unable to attend scheduled Coalition meetings.
4. Complete tasks and information gathering activities as assigned.
5. Read all materials distributed prior to Coalition meetings and be prepared to discuss the materials at meetings.
6. Lend expertise and input from individual background, agency and/or community to the Coalition and in return, discuss, share and integrate relevant information from the team with individual agency and/or community.
7. Commit to respectful, constructive participation in all work, honoring all participants' diverse and equally important voices.
8. Commit to inclusiveness and honoring diversity in all team activities and approaches.
9. Assist with the implementation of Green Dot within the Louisville Metro area.
10. Honor the confidentiality of all members of the Coalition.
