- ✚ Above is a break-down of community sectors represented at the 1st Coalition Meeting. Many respondents self-identified with 2 or more sectors.
- ✚ One sector left out was an Advocacy Sector. Many respondents would most likely have self-identified with this sector as well.
- ✚ More representatives from schools (Education) as well as Law Enforcement, the Legal & Judicial Sector, Policy & Government, and the Youth Advocate/Services Sector are lacking from the Coalition.
- ✚ This is good companion information when reading who many of you pointed out as missing from the Coalition.
