

The Center for Women and Families

2015 Annual Report

A LETTER FROM MARTA

Dear CWF Friends,

As most of you know, 2015 brought many challenges to our ability to provide services to the Louisville and Southern Indiana communities due to severe roof system damage caused by the long, severe winter of 2013.

During this challenging time of renovation and temporary relocation, we continued to help victims of intimate partner violence and rape rebuild their lives and become self-sufficient. So many individuals and community partners stepped up to help us survive the storm and keep the light on for survivors. We are proud to tell you that we did not lose one minute of service during the facilities crisis.

Community experts joined our facilities/renovation committee and lent their expertise and most importantly, assured us everything was going to be ok. And, you know... they were right. We not only renovated the building in a sustainable manner but used the opportunity to design a trauma informed environment for our clients and staff. Everything today at the Center for Women and Families is more than OK – we continue to do amazing work to co-create violence free lives, families and communities. We certainly made Lemonade out of Lemons.

Thanks to each of you who stepped up and went beyond the call of duty to make a difference and doing your part during 2015. You did for us what we do for our clients every day and we are humbled and grateful to have you as partners on this journey towards a world without violence.

Peace,
Marta Miranda
