SHOPPING FOR GOOD

Started by First Lady Jane Beshear, Shop and Share helps provide goods to domestic violence shelters across Kentucky. Area Kroger stores had a day-long drop off service available in store where a list of needed supplies was provided to any shopper wishing to donate items. The donations from the one day Shop and Share event help stock The Center’s shelves with necessities like diapers and paper towels for almost an entire year! The Center received an overwhelming amount of donations this year, one carload is pictured here.

DOING BIG THINGS

Mollie Johnson stopped by The Center last month and made a contribution of $140.00 made possible through the sales of jewelry she makes from hand. Mollie is photographed with Jeanine Triplett, Vice President of Development and Communications and Tamara Reif, Vice President of Programs. Mollie’s jewelry is made from “recycled” pieces and she is always looking for donations of old jewelry to help. The Center offers a month long “jewelry swap” where individuals can drop off new or old jewelry to make a difference in our community. It doesn’t matter the size of the gift…large or small!

IN MEMORY

In March The Center lost a very dear friend. Nolen Allen, a longtime supporter and former board member passed away. The Center will be forever in his debt for the countless hours, compassion and support he unselfishly gave us.

HARD AT WORK

The Center’s West Louisville Campus is looking great thanks to volunteers from Nordstrom Rack. Volunteers worked hard to beautify the campus.
